Part A: Pupil premium strategy plan

Statement of intent

Pope Francis reminds us that that family is the first and essential place of education where, apart from first encounter with the Gospel, children learn that ***“education is above all a matter of love and responsibility handed down from one generation to another”***. As a Catholic school we play a central part in supporting families to help their children fulfil their infinite potential. Our pupil premium strategy enables us to do that by:

- Ensuring families feel welcome so that we can build positive relationships.
- Ensuring children feel loved.
- Ensuring we have high expectations for all children so that all children attain to the best of their abilities.
- Ensuring children have access to a broad curriculum and a wide range of extra-curricular activities.
- Ensuring teaching which inspires children and develops true awe and wonder of the world around them.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attendance gap with other children.
2	Lack of support at home around homework.
3	Year 6 – Basic Maths (Arithmetic)
4	Weak language and communication skills – smaller vocabulary
5	Complex family situations that prevent children from flourishing
6	Lack of financial resources are also a barrier to the cultural opportunities

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
“Cultural” education - To close the gap between the majority of our families who could give a broad range of opportunities – music lessons, theatre trips etc.	All disadvantaged children are given and take up the opportunity to take part in a wide range of extra-curricular activities.
Target children’s reading from a very early stage as we know this is where previously we had the biggest gap between our pupil premium children and others are.	All disadvantaged children reach the expected standard at the end of Year 1. All disadvantaged children in Key Stage 2 are reading regularly and taking a minimum of three quizzes a term. All disadvantage reach at least expected by the end of Year 6
Attendance – To improve attendance for pupil premium children so that they take full advantage of their opportunities. (There seems to have been a dip this academic year)	Close the gap between disadvantaged children and non-disadvantaged children to within 1%. Identify children where there has been improved attendance this academic year.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

KS2 progress for disadvantaged pupils 2024

Average Scaled Score (Re, Ma)

We are particularly pleased with the trajectory of attainment and progress of our pupil premium children. We seemed to have greater success when we have had larger numbers of pupil premium children.

Our Pupil Premium children continue to out perform non pupil premium children in other schools. Although they don't do as well as the other children in the school we are definitely helping them to have a great chance in their futures because academically they are doing better than the rest of the population
